

INFORMATION RELEASE
UTILITY RATES FOR THE TOWN OF COALDALE
EFFECTIVE June 1, 2017

The Town's utility systems operate under a "user pay philosophy", with each user billed according to their actual water consumption.

Sewer rates are based on the average water consumption for the months of November through February. This calculation is based on actual water consumption discharged through the sanitary sewer system. March to October sewer consumption is based on this winter average. Utility rate increases are based on ensuring the funds collected cover the cost of providing the service.

The table below reflects the utility rates for 2017 to 2019.

MONTHLY UTILITY RATES

UTILITY	RESIDENTIAL			COMMERCIAL		
	2017	2018	2019	2017	2018	2019
