PROJECT UPDATE: CONSTRUCTION & DESIGN

PROJECT UPDATE

The Main Street project has been tendered and construction is set to start in May. This is an exciting milestone for the revitalization of Main Street as we transition out of the design phase and begin seeing the project come to life. Servicing for the project area has also been finalized. Once the tender process closes and the project has been awarded, the successful bidder will be introduced to the community stakeholders and a detailed construction schedule will be released. Additionally, the successful bidder will be required to communicate with all stakeholders in the project area to ensure that the project work will have the lowest possible impact on access to business during construction.

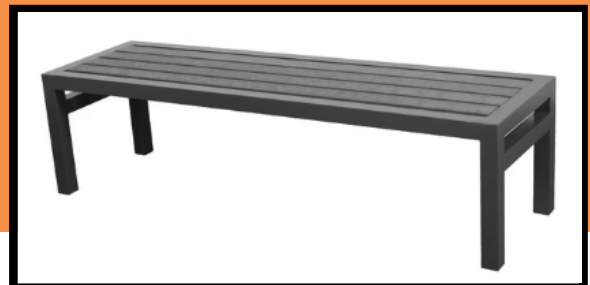

STREET FURNITURE

DESIGN

One of the more visible features of the project will be the installation of the street level furniture, including benches, waste bins, and bike racks. Here is a sneak peek at the street furniture that has been selected based on your feedback from earlier this year:

TREE RELOCATION

INFORMATION

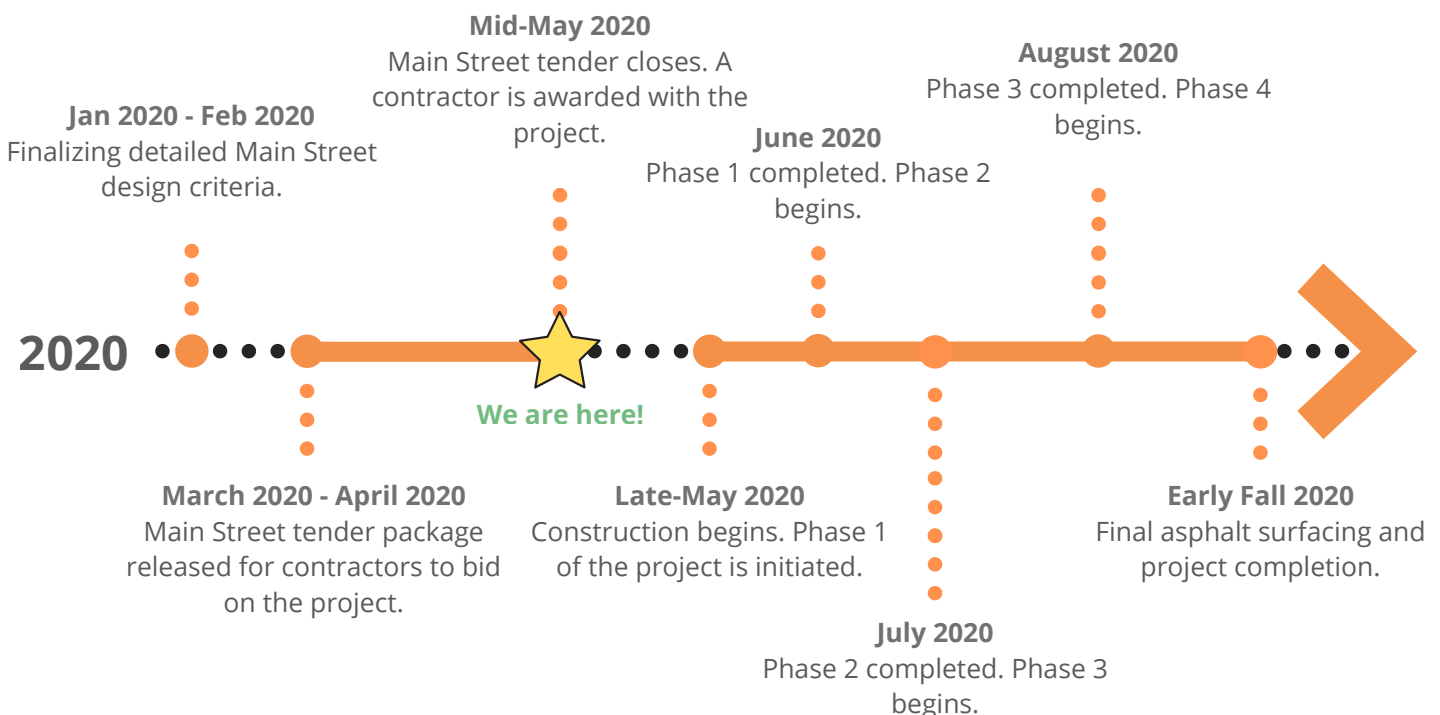

You may have noticed that the trees at the west end of Main Street have recently been moved. In preparation for project construction, the trees have been relocated to a small green space near the east end of the street in order to preserve them. These particular trees were sponsored by businesses and community members years ago and hold a special place in our hearts. Throughout the project, you will also see the addition of new trees being planted along both sides of Main Street for the entire three blocks.

WHAT'S NEXT? MAIN STREET PROJECT TIMELINE

INFORMATION

What's next for the Main Street Revitalization project? See our estimated project timeline below. A final project schedule will be provided once the contractor has been selected. For more information about the construction phases of the project, please visit: <https://www.coaldale.ca/main-street-revitalization>.

NEED TO GET THE WORD OUT ABOUT YOUR BUSINESS? LET US HELP!

INFORMATION

We know it's a challenging time to run a business right now. Many businesses have had to close or substantially alter their operations. For most, money is at a real premium right now, so we know it might be difficult to find ways to let your customers know what's going on with your business. Recognizing that, the Town has partnered with the Sunny South News to provide advertising space for local businesses in the weekly paper. If you want to participate in the program, get in touch directly with the Sunny South News and they will help you prepare an add to be featured in this space free of charge. Alternatively, you can reach out to Cameron Mills, Manager of Economic & Community Development, at Cameron.mills@coaldale.ca. Cam wants to hear from local businesses about the challenges they are facing so that the Town can help you however we are able.
